REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-3 and 5-8 are allowed.

Claims 1-3 are allowed because the prior art of record fails to disclose or suggest the inclusion of a regenerative means configured between a high potential side of the power source and the gate of the main switch for regenerating a part of power output from the driving signal source to the power source wherein the regenerative means includes a MOSFET transistor as recited in claim 1. The inclusion of the recited configuration defines patentability over the prior art of record because it defines a distinguished structure for allowing the energy to be recovered when the main switch is OFF thereby reducing the consumed energy which is not taught by the prior art of record, alone or in combination.

Claims 5-8 are allowed for the same reason noted in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Minh Nguyen whose telephone number is **571-272-1748**. The examiner can normally be reached on Monday, Tuesday, Thursday, Friday 7:00-5:30.
